

At **AYA HUMA**, we believe everything exists in duality.

Light and shadow. Energy and stillness. Intensity and calm.

Like the mystical figure **AYA HUMA** with two faces; one for the sun, one for the moon, each of our cocktails is built around balance.

This menu explores the emotional spectrum of colour. Every colour holds two opposing emotions. Each cocktail is our interpretation of their balance.

What you taste is balance. What you feel is yours to discover.

Welcome to our world. **Welcome to AYA HUMA.**
